## AT GLOBE THEATER

Paramount Travel Picture To Show  
Every Tuesday.

There is scarcely any one who  
would not enjoy an eight months' trip  
through South America, which is  
the most wonderful and least  
known country in the world. Not  
many of us can take such a trip, but  
there are few people who do not en-  
joy good travel pictures. If the  
scenes shown are strange places, the  
degree of the observer's interest is  
according to how much he had read  
or heard about them, and how much  
he has wanted to see them.

Paramount travel pictures are in-  
augurated with the hope and aim of  
bringing the world, bit by bit, to  
those who care to see it. The great  
continent south of us was selected  
for the initial series because it is one  
about which Americans should know  
a great deal, but actually know very  
little.

Every person who sees the entire  
South American series will have the  
opportunity of gaining an accurate,  
comprehensive and intimate knowl-  
edge of the continent.

We take pleasure in announcing  
that these wonderful travel pictures  
will be shown at the Globe every  
Tuesday during the summer months.
